"The highest education is that which does not merely give us information but makes our life in harmony with all existence" –Rabindranath Tagore

"Education is not learning of facts, but training of the mind to think." --Albert Einstein

Dear Students,

Take Warm Greetings. The year 2018 is a landmark in the history of the college. We are celebrating the Golden Jubilee. I am glad to announce that our Golden Jubilee celebrations got **sweeter with the Education World's declaration** that **Achayra Jagadish Chandra Bose College** is among the top **thirteen colleges in Calcutta**. According to the Education World survey, **we are ranked 13 among the Interdisciplinary colleges in Kolkata and 95 among all such colleges in India**. This recognition has been long due to this premier Degree College named after the celebrated Bengali scientist, **Jagadish Chandra Bose**.

Since its inception in 1968, the college has been relentlessly working in imparting quality education to the diverse group learners coming from different strata of the society. Our approach to education is holistic. We aim at all round development of the students coming from multidimensional structures of society to this college. Our motto is not to produce better professionals alone but also to craft better human beings as deserve by the society. We aim to educate young men and women within a framework of liberal and republican values to equip them to excel in the service of the nation. To achieve our objective class-room teaching is complemented with a wide range of co-curricular activities. Our educators impart knowledge as well as work as trainers in the gym of mind.

In pursuit of excellence in learning we maintain transparency in the admission process fully online where students need not require to physically appearing at college premises as opted by Govt. of West Bengal, which is a robust work culture and value discipline combined with freedom of thought and expression. We have able, experienced, dedicated faculty in the college to make our mission successful. The teachers are in the habit of maintaining a great liaison with the students. They remain available within and without the college hours to assist the students in every possible way. We have a bunch of dedicated staff members in the office that go all out to help the students. We have a Governing Body with optimum functionality and the members always support the stakeholders in their pursuit of excellence in education.

We are the pioneer in the field of students' based education in colleges where each student has right to evaluate their teachers regarding quality based teaching and learning at end of each class and to sign the diary of teachers with comment of improvement if any. This will ensure regular teaching and learning which will help us in reaching a centre of Educational Excellence. Besides, students can be able to give fit back before the time of final examination. We also arrange teachers-students-guardians meet to communicate regarding the improvement and progress of students.

We are used to arrange Knowledge Exchange Programme with various reputed colleges in all subjects with skilled teachers in various disciplines. We are used to arrange Campus Recruitment Programme where various companies offer their job suitable for our students. In last year only Tata Group has selected 18 students with a very attractive salary packages.

Besides, we have arranged to offer our beloved students to participate in Free Employment Training in collaboration with the 361 Degree, An Institute of Competitive Studies. This programme will lead our students to enhance their skill in competitive examinations to obtain both central and state government job including campus recruitment examinations taken over by various companies and Banks.

The college has recorded an innumerable constant development in infrastructure of learning to recognise itself as an educational excellence. The college has started to construct its 2nd phase Building to solve the problem of class rooms which will be completed shortly. The college has a green campus with greenery plants and shrubs, modern canteen, clean drinking water supply in all floors with aqua guards, with 24 hours CC TV observation. Besides, the college has ICT class room, computer based Laboratory, N-listed Library, internet based IT Laboratory etc.

We have some shortcomings on the infrastructural front, but we are working day in and out to make up for that. We have installed different technological tools in the class rooms to create better learning environment. Very soon the college will have a new wing added to its existing facilities. The space crunch we have will soon be over.

Wishing you all the best

Dr. Purna Chandra Maity

Principal

VISION :

The general vision of the college is to inculcate human values and rational spirit among its students and to offer quality education without making any religious or gender discrimination. The college aspires to fulfill the academic aspirations of pupils living in remote areas and belong to SC/ST/OBC and religious minorities. The main vision is to contribute higher education to the pupils of the society at large by helping to produce a generation of enthusiastic, socially conscious and responsible future citizens, devoted to a holistic purpose in life.

MISSION :

- ❖ To ensure the holistic development of the students of the college through our NSS unit which bridges the gap between the students and the people in the community..
- ❖ To establish the college as a premier educational institution in Kolkata and its surroundings.
- ❖ To impart quality higher education uniformly to all students irrespective of their caste, creed and gender with special consideration to backward sections, weaker sections and slow learners.
- ❖ To provide well-equipped modern infrastructural facilities to students in an environment conducive to learning with the help of our learned faculty and staff.
- ❖ To promote cultural & social integration through constant motivation with example teaching and learning.
- ❖ To make our students academically sound with multidimensional knowledge through special employment training and to make them fit for campus interview and other government jobs.
- ❖ To ensure students' centric learning with a priority given on students' needs and awareness.

OBJECTIVES

- ❖ To provide teaching and learning in the field of conventional and modern subjects approved by the University of Calcutta with the purpose of promoting higher studies.
- ❖ To impart both theoretical and practical training in the field of education to develop appropriate skills among the learners.
- ❖ To provide opportunities to the students and teachers to expand their knowledge base and quality development.
- ❖ To provide special care to the students who are educationally lagging behind.
- ❖ To organize self-development programs and placement facilities for the students after the completion of course.

ATTENDANCE

As per regulations of the Calcutta University, undergraduate students will have to attend a minimum of 75% of the class in order to be eligible to appear in the University examination as a regular collegiate student. The percentage of attendance is reported monthly and is also displayed on the notice board and college website.

If the percentage of attendance falls short of 75% but not below 65%, the students may be permitted to appear as a non-collegiate student on payment of the prescribed non-collegiate fee to the University. If the percentage of attendance is below 65%, the student becomes dis-collegiate and will not be allowed to appear in the University examination. The rules of attendance are subject to change as per C.U. circulars and notifications.

Students and guardians are to note this carefully that any relaxation in the above rules for reasons whatsoever is beyond the jurisdiction of the college authorities.

COLLEGE EXAMINATION

The college holds Mid-Term and College Test during each academic session according to the Calcutta University norms. Attendance in all examinations is compulsory. Permission to appear at the University Examinations depends on the satisfactory results in the college examinations. Continuance of the Honours course will depend on satisfactory results in Class Tests and College Examinations.

STUDENTS' COUNCIL

There is a democratically elected purely **Non Political Students' Council** in the college. This has become possible only by the **Education Bill of Government of West Bengal** to make the college **free from political biasness and political hazards**. All regular students of the college are members of the Students' Council. It functions under a College Constitution which regulates the activities of the Council including election and formation of the Executive Committee of the Council. The Council is pledged to uphold the dignity and high academic ideas of the College. The Council organizes students' participation in all co-curricular activities for the promotion of fraternal relation and fostering corporate life under the guidance of the Principal. The Council generally organizes the Freshers' Day, Annual Social, Annual Games and Sports, Educational Excursions and other activities conducive to the general welfare and academic attainments of the students. The Council also takes the responsibility of publishing the College Magazine under the guidance of the teachers of the College. **Miss. Ruchi Sarma**, a bright student of English Honours is the **General Secretary** of the Students' Council.

GAMES & SPORTS

All the games & sports activities of the college are regulated by the Games & Sports Committee. The committee coordinates the students' participation in various district and state level games and inter-collegiate sports activities in the field of athletics, football, cricket, chess, table-tennis etc. The committee also formulates plans and organizes the Annual Sports and Intra-College sports activities. **Dr. Tushar Ghosh**, a teacher of **Physics Department** is the **Teacher in charge** of Games and Sports of the College.

NATIONAL SERVICE SCHEME (NSS)

A **NSS** unit was opened from the session 2005-06 in the college for integrating learning with the social upliftment of the underprivileged and downtrodden students. Any student can enroll his/her name in the scheme. The NSS unit of the college aims to undertake the task of spreading social awareness to fight against various social evils, to remove illiteracy from downtrodden society and to solve various health problems in the society.

From this session of our college we have started NSS Class on every 2nd and 4th Saturday after college hours. Through regular classes and participating in different social activities, NSS volunteers can improve their awareness and skill in social service, create leadership personalities with good morale and able to make themselves as active good citizens. The certificate of NSS volunteers is treated as a certificate of co-curricular activities with great academic values to enhance academic score in Job Market. Dr. Doly Saha, a teacher of Botany Department is the coordinator cum councilor of the NSS.
