Free training in job-oriented course & subsequent placement

All the passed-out students of our college, preferably with commerce background, are hereby informed that the CSR (Corporate Social Responsibility) arm of the Tech Mahindra Limited, the IT services company, is going to conduct training in certain job-oriented courses and also to assist subsequent placement of the trained individuals. The details are stated in the proposal below. Interested candidates may contact the mobile numbers stated inside the proposal to avail themselves of the opportunity. They are also asked to fill in the Google Form to help us remain updated about them and guide them through properly, especially concerning placement.

Proposal from Tech Mahindra Foundation

We are the Corporate Social Responsibility arm of Tech Mahindra Limited, the IT services company (Website: <https://techmahindrafoundation.org/>) The foundation, which has been in operation for more than a decade now works in two thematic areas, namely, Education & Employability. We have been working in these two domains in Kolkata for the last 11 years with various NGOs and educational institutions.

In Employability, through our flagship program SMART (Acronym of Skills for Market Training), we run 7 skill development centres at present and we provide training in various courses like: Finance & Accounting, Customer Relationship & Sales, Information Technology Enabled Services, etc. These 4 months long courses include Communicative English, IT & Work Place Readiness in common along with one domain training at a very nominal fee. At the end of the training we also provide placement assistance with various reputed employers. Close to 75% of students every year get placed after graduating from our skill development centres.
